NoSQL
PWAs
React
MERN
State

Boot Camp Pointers

As you work through this module, remember the following:

01

Plan, plan, plan!

Try to anticipate any challenges you might face during the next few months and plan ahead to manage them.

02

If you need help submitting links for your assignments, check in with us during office hours.

03

Assignments are graded by a Centralized Grading team.

If you have questions or concerns, don't hesitate to reach out to your SSM.

This Week:
Advanced CSS

This Week: Advanced CSS

By the end of this week, you'll be able to:

Implement flexbox and CSS Grid to create mobile-responsive layouts

Implement CSS media queries to create a fully mobile-responsive website

Use advanced CSS selectors and custom properties to create an intuitive UI

Perform the Git branch, push, and merge workflow

Use GitHub Pages to publish your webpage online

This Week's Assignment

How will you use this module's content in your next assignment?

Career Connection

How will you use this module's content in your career?

How to Succeed This Week

Tips for Success: Advanced CSS

Keep these tips in mind:

01

Debugging can be frustrating. Hang in there—you'll start to see your work take shape if you stick with it.

02

Manually type out code as much as possible instead of copying and pasting.

Build up that muscle memory!

Today's Agenda:
Which skills will you learn today?

Make sure that you've downloaded the relevant class files!
